Course Content: This course is designed for students to partially meet the CACREP 2009 Standards requirements for the completion of a supervised practicum experience. Throughout this experience, the

student will receive individual supervision. Course content includes direct instruction on core counseling skills, supervision of counseling activity, and individual and small group feedback. Students will have the opportunity to learn and develop counseling skills, initial diagnostic competencies, client record keeping, and the formation of treatment plans through a combination of lecture, demonstration, experiential activities, and guided practices.

Methods of Instruction: Students will engage in didactic and experiential activities geared toward integration and application of essential counseling skills. Instruction will consist of lecture, small group activity, dyadic interaction, and experiential engagement. Students will receive live supervision in a laboratory setting with volunteer clients. Supervision will be provided live, on tape, and face-to-face.

Course Requirements/Assignments:

1. Attend all class meetings – attendance is essential for successful completion of your practicum experience.
2. Meet with three clients for three 50 minute sessions each, during the last two weekends of class.
3. Provide feedback to fellow class members in group supervision and directly following client session in verbal and written formats.
4. Maintain a complete and up to date clinical record for each client
5. Begin to articulate a personal theoretical orientation and to demonstrate its application in sessions
6. Demonstrate appropriate counseling skills equivalent to a master's level counselor (attending, empathy, respect, concreteness, genuineness, immediacy, and confrontation)
7. Complete assigned readings prior to class meetings and be prepared to discuss
8. Actively and constructively participate in class discussion and group supervision meetings
9. Follow all ACA ethical guidelines
10. Accept and use supervisory feedback to improve counseling effectiveness
11. Use counseling skills and competencies such as:
 - a. Opening and closing an interview
 - b. Responding effectively to cognitive and affective content of clients' communication
 - c. Setting outcome goals with clients
 - d. Planning change strategies with clients
 - e. Employing a variety of counseling techniques, procedures, and resources as appropriate.
12. Reflect on and critically evaluate in-session counseling behaviors
13. Complete three (3) self-supervision forms (found in student bi-annual review manual)
14. Complete one (1) case conceptualization and treatment plan on one (1) client
15. Demonstrate awareness, knowledge and skills in counseling clients who are culturally different, including racial, ethnic, gender, sexual orientation or socioeconomic differences.
16. Recruit three clients for sessions the last two weekends of class
17. Complete taped practice sessions prior to seeing clients

NOTE: All students are expected to enter practicum with knowledge of the American Counseling Association ethical standards. In particular the ethical standards associated with client confidentiality rights and limitations and protection of client records. Students are expected to act in an ethical manner at

all times. If an ethical dilemma arises, students are required to notify the instructor or one of the doctoral supervisors immediately. Violations of the ethical standards or clinic policies *may* result in failure of the course or dismissal from the program.

Client Recruitment: Each student is *required* to recruit three volunteer clients who will receive three sessions free of charge. This expectation has been discussed since the beginning of your program. If you do not believe you can meet this course requirement, please contact Dr. Helm immediately to discuss whether this is the time for you to take this course. It is expected that you will have volunteer names by Friday of the 2nd week of class. Please do not rely on classmates to bring additional volunteers if you do not have all three of yours. Doing so limits that classmate's ability to view sessions and participate in supervision and feedback sessions.

In accordance with the ACA 2005 Ethical Standards and established clinic policy the volunteer clients cannot be a spouse/partner, former spouse/partner, nor should they be first order relatives of the student (grandparents, children, in-laws). Each volunteer client will be expected to attend sessions on the 3rd and 4th weekends (in some combination of either, 2 session the 3rd weekend and 1 session the 4th weekend, or 1 session the 3rd weekend and 2 sessions the 4th weekend). Clients will *not* be seen twice on the same day. Sessions will begin at 5 pm (4 pm if absolutely necessary for the schedule of the volunteer) on Friday night (3rd and 4th weekends) and 9 am on Saturdays and Sundays. Each session is 50 minutes long. When recruiting clients students need to inform them that they will be videotaped and observed. Students need to ensure that volunteer clients are not in crisis and that they are not currently seeing another therapist. Students will provide the instructor the names and available times of volunteer clients during the second weekend of class. A schedule will be developed at that time.

Grading: This course is graded on an S/U basis. Students will receive feedback on their counseling and professional behaviors. The instructor will decide on the final grade after careful consideration of feedback from all evaluation sources (e.g., doctoral interns, individual supervision, and classroom participation/interactions). There will be a mid-term evaluation during the third weekend and a final evaluation during the fourth weekend during which specific feedback will be given to each student. *Final grades will be based on counseling skills, participation in class discussions, completion of case notes, client conceptualization abilities, treatment planning and professional behavior.*

General Expectations: This course meets for four weekends and due to the intensified schedule and nature of this course you are expected to be at *all* scheduled class sessions. While some events are unavoidable, it is imperative that you attend all class sessions. Therefore, requests to leave early or miss sessions are discouraged. Additionally, you will be expected to have read all the assigned materials by the dates listed, no exceptions.

Proof of Student Insurance: All students are required to provide proof of liability insurance prior to seeing clients. Failure to provide this documentation will result in not being able to see clients and therefore not completing the course requirements. Please note, insurance is now free to student members of ACA. Please bring proof of insurance to the first day of class.

Academic Conduct: Cheating on examination, submitting work of other students as your own, or plagiarism in any form will result in penalties ranging from an “F” on an assignment to expulsion from the University. Student Handbook: <http://www.unco.edu/dos/handbook/index.html>

Professional Conduct: Students are expected to adhere to the appropriate code of ethics for their particular program. Any behavior deemed unethical will be grounds for dismissal from the program.

Disability Statement: Any student requesting disability accommodation for this class must inform the instructor giving appropriate notice. Students are encouraged to contact Disability Support Services at (970) 351-2289 to certify documentation of disability and to ensure appropriate accommodations are implemented in a timely manner.

Diversity Statement: The College of Education and Behavioral Sciences (CEBS) supports an inclusive learning environment where diversity and individual differences are understood, respected, appreciated and recognized as a source of strength. We expect that students, faculty and staff within CEBS will be accepting of differences and demonstrate diligence in understanding how other peoples’ perspectives, behaviors, and world views may be different from their own. Furthermore, as stated by UNC, “The University will not engage in unlawful discrimination in...educational services against any person because of race, religion, gender, age, national origin, disability, or veteran status. It is the University’s policy to prohibit discrimination in...educational services on the basis of sexual orientation or political affiliation.” (See http://www.unco.edu/hr/AAEO_TitleIX.htm <http://www.unco.edu/hr/AAEO_TitleIX.htm>). Please visit the CEBS Diversity and Equity Committee website for more information on our commitment to diversity (<http://www.unco.edu/cebs/diversity>).
